 - 60th Anniversary Celebration
Sunnyside got a lot of mileage out of the media - they were great. We would like to implement an Annual Sunnyside Community Heritage Day. The kids learned so much about the community and heritage of agriculture and the families of the area, it would be great to keep going with it. The agricultural community is what makes our school special.
6. New Business:
 - Fundraising
The Committee was all in favor of running the Fundsript as the fall fundraiser. We will get them out for October 1st and run it for a month. Last year with little time and participation we made close to \$1,000.
