Anticipated Inflow:	\$	
Anticipated Outflow:		
	(\$)	
	(\$)	
	(\$)	

4. Old Business:

1. T-shirts and hoodies: will try and have some ready for the beginning of March. Ali has forwarded designs to Abby because she has a source that will help with logo design. Idea for having letterman jackets or windbreaker style jackets to possibly give to the gr. 6 students as a grad present. Looking at different sources to supply the shirts, such as Players Bench.
2. Christmas Tree Raffle: money can be used towards the learning commons

5. New Business:

1. Skating: kids were really excited about it. skating rules- skating helmets that are CSA approved must be worn. Hoping to have more skating, possibly going to a rink as part of student wellness once restrictions ease. Can the community association pay for some of the fees like the rink rental?

2. Spring fundraiser: fundraiser ideas... a) family fun run around end of May, being outside we could make it work with the restrictions, possibly have a bake sale at the fun run. b) Ali will move forward with Panago for a fundraiser for the month of February, day to be determined. 15% of all the orders placed at the chosen Panago on the chosen day will be donated to Sunnyside Community Association. c) Cookbook fundraiser, Micah has a skeleton book to base off of. Cost to print is \$10 and could be sold for \$20. Rana and Micah will head it up and can start collecting favourite Sunnysider family recipes from parents. d) Barn dance?! It has been a well enjoyed Sunnyside fundraiser in the past, is this something we could manage this year maybe not as a fundraiser, but more of a give back to the Sunnyside community.

Adjournment: 4:57pm

Date of Next Meeting: February 2nd, 2022
